HONG KONG VALVE 2020

17-18th October 2020 (Saturday & Sunday)

Cheung Kung Hai Conference Center, Hong Kong

7th February, 2020

Dear Dr. Mario Evora,
President, Macau Cardiology Association

Hong Kong Valve 2020 - Supporting Organization

On behalf of the Division of Cardiology, The University of Hong Kong and the Organizing Committee, we would like to invite Macau Cardiology Association as **supporting organization** for the Hong Kong Valve 2020 Conference to be held on 17-18th October 2020. Hong Kong Valve 2020 is a combined Cardiology-Cardiothoracic Surgery-Cardiothoracic anesthesiology conference focusing on advanced therapies for valvular heart diseases. Live and recorded cases of advanced valvular therapies will be one focus of this two-day conference in addition to educational didactic sessions and interactive workshops. The combined medical and surgical nature of the conference will engender sharing experience, stimulating new ideas, and disseminating new therapeutics in the management of patients with a wide spectrum of structural heart diseases.

Registrations would be waived for fellows and members of Macau Cardiology Association and we hope through this educational platform we could promote awareness of heart valve disease in Hong Kong and enhance experiences exchange.

Please feel free to contact our Conference Secretariat Mr. Carven Cheng/Mrs. Yuki Lo (email: hkvalve@hku.hk) if you have any queries. Look forward to your kind reply.

Yours Sincerely,

Prof. David Chung-wah Siu
Co-chairman,
Hong Kong Valve 2020

Dr. Simon Lam
Co-chairman,
Hong Kong Valve 2020

Dr. Daniel Chan
Co-chairman,
Hong Kong Valve 2020

Hong Kong Valve 2020 (preliminary program)

Dates:

17-18th October 2020 (Sat and Sun)
